DETAILED ACTION

1. This action is responsive to communication filed 10/2/07.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Specification page 1 line 4 after April 19, 2000 insert , now U.S. patent
6,590,996.

Specification page 1 line 5 after February 14, 2000, insert now U.S. patent
6,614,914.

Terminal Disclaimer

3. The terminal disclaimer filed on 10/2/07 disclaiming the terminal portion of any patent granted on this application, which would extend beyond the expiration date of 6,590,966 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

4. Claims 11-29 (renumbered claims 1-19) are allowed.
5. The following is an examiner's statement of reasons for allowance for independent claims 11 and 19. Prior art fails to teach the method of encoding a digital water mark based on color characteristics, transformed group samples at a color channel that receive encoding into a transform domain and altering coefficients of the color channel. Claims 12-13 and 20-22 depend on claims 11 and 19, respectively. Therefore are also allowable.

The terminal disclaimer filed overcomes the double patenting rejection in the previous office action. Regarding claims 14 and 23, prior art fails to disclose selectively scaling color values in an image or data sample representing color imagery to encode portion of the auxiliary signal. These features in combination with other features are not taught in the prior art. Claims 15-18 and 24-29 depend on claims 14 and 23, respectively. Therefore are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
